

Alpha and Omega (DO1)

Is Omega more than she seems? And is that good...or bad? Dr. Megan McAllister was already an unusual human—NASA astronaut, professional astronomer, polymath—when she encountered the man in the black Suit that night in west Texas. What Division One Agent Echo didn't know, when he recruited her for the Agency's new special-forces department, Alpha Line, was that she was even more special. But he'd find out, soon enough. Through testing, training, and early missions, the new Agent Omega stays staunch at Echo's side. But when an old enemy of Echo's shows up, set on revenge, can Omega survive? Book 1 of the Division One series. Author: Stephanie Osborn
