

Break, Break, Houston (DO10)

If Division One can't find Omega, Echo will die. When Alpha One sets out on an emergency assignment to rescue the NASA mission to which Omega once had been assigned before it ends in catastrophe, all hell breaks loose. But galactic medicine can save Echo, even from the brink of death... Or can it? What's left of Echo's mind—after he is resuscitated—rejects his life, his love, and his friends. Devastated and distraught, a heartbroken Omega flees Earth, deliberately losing herself in the galaxy on a dangerous, self- assigned mission, without realizing that she holds the key to Echo's survival. Fox and the others must find her before Echo dies...again. Book 10 of the Division One series. Author: Stephanie Osborn
