An Emdalian crime syndicate, one of three. The name in Reptoid means, "Brotherhood." It is currently the only one extant, and it has sworn the the Hiiissh Aarg'sshibeek Ssluthiissht to Lord Pulgey Entiyti, promising to protect him and his, and to obey galactic law. At least one contingent of this group promptly broke the oath when the Cortians captured Echo and planned to auction him to the highest bidder, in DO11, Tourist Trap.
