

Gibheer

Morphology System

The Gibheer Morphology System is a relatively new means of categorizing races in the Milky Way and other galaxies. It classifies body types, and some scientists think it may indicate species that are evolutionarily related -- this would be possible using panspermia hypotheses as well as basic ancient colony loss.

Aminup

Multi-sexed species.

- Xemlon,
- Caerarri,
- Zardrans

Avian

Birdlike, bipedal, includes:

- Ke!endarians,
- Aves,
- Cortians

Basid

Fungal/mushroom-type races.

- Kallosians,
- *Exomorchella giganteae praedatoria* of Borscht

Bronstid

Non-water-based creatures. May or may not be sentient.

- [Exoheterocs](#),
- [Froons](#)?

Chaetum

Wormlike and gastropod-like beings.

- Virmergin,
- gastropoids/Bozheen,
- Skulians

Coful

Beetle-like insects, such as:

- Hypothenemoids,
- Ergisols,
- Ererot

Coleod

Molluscal-type races.

- Lambda Andromedans/Alaygoons,
- Pruugs,
- Ka'agands,
- Uzshei,
- Octopuses
- Possibly isegunts

Diplop

Amphibioids.

- Sluuites,
- Teludals,
- Tuuthians

Dodul

Crab-like decapods.

- Tethanoids of Flibitz

Fytod

Plant-based races.

- Dendroids,
- Dire beets,
- Botanoids

Luciferod

Transparent/translucent races that communicate via bioluminescence.

- Photoids,
- Lacertilians

Nefilid

Giant-sized creatures.

- Hatterats

Opdip

Standard bipedal humanoids, including (but not limited to):

- Humans,
- Gurgevs,
- Chesharilzi,
- Kirakalla,
- Krefians,
- Wintourns,
- Dabanorans,
- Zumbirians,
- Veldorn,
- Kaceerlons,
- Ganotians,
- Haepergens,
- Yelfflan,
- Tu'Ven,
- Kochavi,
- Tinikenii,
- Dorians.

Pentoid

echinoderm-like; starfish.

- Mquerans and other megophiuroids

Rumid

Mammalian-like non-aquatic races (may be bi- or quadrupedal).

- Vandana,
- Segmented bipedal felinoids,
- Kinti,
- Lupinoids,
- Bastians,
- Zardrans,
- Froons?
- Kydeen,
- Krefons,
- Grendels

Sauria

Reptilian, including:

- Reptoids,
- Draconans,
- Kardorians,
- Kaceerlons,
- Kufthurians

Undin

Merpeople and warm-blooded underwater-dwellers.

- Yuvida
- Porpoises

Verod

Bipedal not-quite-humanoids (a kind of catch-all group). These may be reclassified at a later time, if more information on their basic natures is obtained.

- Glu'gu'ik,
- Erikians,
- Zargothians,
- Delzantians,
- Korians,
- Celrians,
- Tathians,
- Deltiri,
- Kenlinki,
- Caltorians,
- Edeptans,
- Oord,
- Exinulians,
- Kartung
