

Head Games (D09)

Two galaxies will go to war—if Fox can't save Chairbeing Entiyti from assassins. While Alpha One handles a Nazi zombie apocalypse, an assassin squad catches the Galactic Coalition President by surprise, leaving him at death's door. Director Fox rushes to his old friend's side, leaving Echo in charge of the Division. But when the belligerent Persis Federation arrives from the Andromeda Galaxy, the Ennead orders Alpha One on the tricky first-contact mission, hoping to avert intergalactic war. Unfortunately, the Persan premier chooses Omega as his newest concubine, leaving Echo trapped between love and morality, and duty and orders. On Earth, Ennead member Ordik Adita co-opts the Division directorship, revamping standard procedures, and enforcing his rule with an iron fist. A coup seems in progress. The question is...how big is it? Book 9 of the Division One series. Author: Stephanie Osborn
