"Think an alien version of Daesh...They're not suicide terrorists—at least, not yet—but they ARE nonaligned, and expansionist...They call themselves, as nearly as it renders in English, The House of the Gods' Wrath...Naese!en!Re is a fairly new movement in the Coalition, popped up all of a sudden a little over a year ago, but it's gained power and momentum fast...our analysts can't get a handle on it.
